### Instructions

Please follow the instructions below to complete your quiz.

#### 1. [100 points] Website Development Project

For this quiz, you will build a (static) personal website using **HTML**, **CSS**, and **JavaScript**. You are free to use libraries and frameworks like **jQuery** or **Bootstrap** for layout and styling.

##### A. Website Content

Your website must include the following pages/sections:

- **Homepage**: The main landing page.
- **Profile**: Information about yourself.
- **Hometown**: A brief description of your hometown.
- **Local Food**: A feature on local food from your hometown.
- **Tourist Places**: A guide to tourist attractions in your hometown.

##### B. Page Routing

The URL structure for your pages must follow this format:

- (Your Domain)/quiz1 for the **Homepage**
- (Your Domain)/quiz1/profile for the **Profile** page
- (Your Domain)/quiz1/hometown for the **Hometown** page
- (Your Domain)/quiz1/food for the **Local Food** page
- (Your domain)/quiz1/tourist for the **Tourist Places** page

**C. Project Report (Report.PDF)**

You must create a report that includes:

- The design concepts and structure of your website.
- Screenshots of the final webpages.
- Explanations of your code and implementation choices.
- An analysis or evaluation of your project
- A conclusion.

**D. Deployment and Source Code**

- Upload and deploy your completed website to a free web hosting service.
- Upload the entire source code to a public GitHub repository.

**E. Grading Criteria**

- Design [ 20 points]
- Implementation [ 50 points]
- Analysis/Evaluation (in Report) [ 25 points]
- Conclusion (in Report) [ 5 points]
- Total: [100 points]

**2. Academic Integrity Pledge (Declaration.PDF)**

To prevent plagiarism and cheating, every student must sign and include the following pledge in their report. The signature may be handwritten or digital. Failure to do so will result in a grade of zero (0).

“By the name of Allah (God) Almighty, I hereby pledge and declare that I have completed Quiz 1 independently. I have not engaged in cheating, plagiarism, or received unauthorized assistance in any form. I further declare that any use of AI tools was limited to a supportive role (such as for grammar checking or debugging), and that the final solution is the product of my own intellectual effort. I understand that I will accept all consequences if I am found to have violated this academic integrity pledge.”
